Celsius Commercial Refrigeration 2025 Year in Review

2025 was a landmark year for Celsius Commercial Refrigeration. We successfully delivered major projects, secured new contracts, and completed a significant relocation from Godalming to Alton to support our continued growth. Below are some of the year's highlights:

January

Collaborative installation of advanced CO₂ refrigeration systems for Swissport, in partnership with [DN Refrigeration](#) on behalf of [Rossair](#).

February

Supplied and installed a new [Hoshizaki](#) blast chiller for All Hallows School.

March

Responded to an urgent request from [Whalley Climate](#) to install a cellar cooling system at Sixes Interactive Cricket Bar in Guildford Town Centre.

April

Supported Sun and Moon News in Farnham with the replacement of their display fridge, supplying an [Arneg Osaka Cabinet](#) from RSW.

Installed new ice machines for [The Star Inn Bentley](#), [Fallen Angel Cabaret Bar](#) in Guildford, and [The Drift Golf Club](#) in Horsley.

May

As the weather heats up we find ourselves getting busier with emergency breakdowns. We encourage our customers to take precautions by having preventative maintenance services before this time. Twice a year should be enough for busy commercial kitchens

Delivered a new chiller coldroom system for [Hatto & Son](#) and a condensing unit for [Teddington Cheese](#).

Top engineer Ben Salmon got married on 30th May. We were so happy to be a part of his big day and even bigger things in store for him in 2026 with a new baby on the way

June

Established new subcontracting partnerships with [First in Service Ltd](#) and [W V Howe Limited](#).

Completed installations including: Freezer coldroom Zanotti pod replacement for [Caper & Berry](#) (via [AFR Refrigeration](#)). Chiller coldroom system for [Vincents Butchers](#). Freezer coldroom system for [Sunnydown School](#).

Dual freezer and chiller coldroom systems at [St Mary's University](#). A two man team were dispatched and worked solidly from 5am until after midnight to install not one but TWO coldroom systems. Absolute dedication from the team as the site were desperate to have everything in place before summer school started

July

Relocated to our new premises in Alton. A huge move for a small family run business like ours.

With the weather getting hotter still we have a few more installation and emergencies to attend to. Lots of customers were asking how to protect their equipment now that the temperatures seem to be going up each year

Installed a chiller coldroom system at [The Cyder House Inn](#) (Shackleford) and a cellar cooler at [The Boileroom](#) (Guildford).

August

Installed a freezer coldroom system for [Caper & Berry](#) and a chiller coldroom system for [Christmas Bakery](#). Partnered with [Waterside Installations](#) to fit a new freezer coldroom door and frame at [Royal Surrey County Hospital](#) (on behalf of [Aggora](#)).

September

Installed a new beer cellar system for [The Sun Inn Bentworth](#).

Supplied a Zanotti pod (via [Hawco](#)) for catering company [Perfect Pickles](#)

October

Commenced a large-scale installation for [The Butchery Team](#): a 54 sqm meat chiller coldroom, delivered in partnership with [Waterside Installations](#).

November

Supplied and installed two bespoke chiller coldrooms and one freezer coldroom for [Rocket Food](#) (Battersea).

Delivered a complete freezer and chiller coldroom system for [Kalm Kitchen](#) (Puttenham), with equipment supplied by [Waterside Installations](#) and [Boxcold](#).

Maintained emergency breakdown coverage with our dedicated team of four engineers.

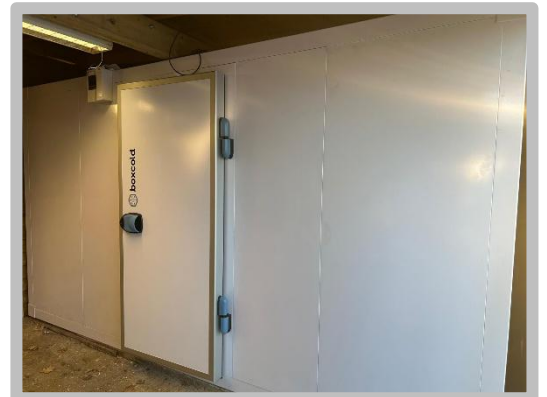

December

Conducted maintenance services for clients including the [University of Surrey Student Union](#) and [Broadwater School](#).

Installed a new cellar cooler for [Hughenden Gardens Retirement Village](#) (via [First in Service](#)).

Celebrated the year with a team trip to Brussels!

We extend our sincere thanks to our valued suppliers—including AFR Refrigeration, Hawco, TF Solutions, and Kooltech—for their expertise and support. We are equally grateful to our trusted partners DN Refrigeration and Waterside Installations, and to our diverse customer base across hospitality, education, healthcare, and beyond. 2025 was a year of growth, collaboration, and achievement. We look forward to building on this success and wish all our partners and clients continued prosperity in 2026.
